Discover how to find and create prospects, rejection-free, for your Nikken business.

Ready-to-use secrets for instant prospecting, contacting and enrolling!

The hardest part of networking is finding a prospect . . . and then getting the prospect to lean forward and want to hear about your business.

Have you ever talked to a prospect and the prospect just didn't "get it?" Do prospects feel like you are talking a different language?

Learn to talk directly to the prospect's **mind** and **heart** with these great Big Al rejection-free techniques.

- Learn **exactly** what to say to invite prospects to meetings.
- Learn **exactly** how to identify what prospects **want** to hear.
- Learn to talk in a way to make prospects feel connected and understood.
- And learn to become a successful prospector with these brand-new skills.

You will also learn "**Ice Breakers**" - exactly what to say to introduce your business to friends and strangers, so that they will react and ask you for a presentation, with no rejection!

Join Tom "Big Al" Schreiter for three hours of a fun, eye-opening learning experience. Once you learn these skills it will be like looking at network marketing with **3-D glasses** -- and you'll **feel sorry** for those struggling distributors who don't know why they are turning prospects off.

Most distributors are only a few sentences away from terrific success in their business. Here is your **chance** to learn those sentences.

Join us on **Saturday, January 27**, as we learn these important skills. Tom "Big Al" Schreiter will show us how to make our business easier than we ever thought possible. Tom is the author of 8 books on network marketing and has over 30 years experience networking with proven easy-to-use methods.
